Niels Larsen Launch Low Cost Eurobench

Niels Larsen, the leading gymnastics equipment company, well known for its innovative new ideas, have just announced the launch of a new range of high specification, low cost benches.

Designed in European style, with the nursery and primary school markets in mind, the new product has been named the **EUROBENCH**.

Precision manufactured using advanced computer controlled equipment, the benches are made from a long lasting timber-based material that will not warp, split or shrink.

Niels Larsen are experts in the design and manufacture of sports and gymnasium equipment for all ages. These new benches are particularly suitable for younger children. They have a 100 mm balance rail underneath and an uninterrupted upper surface for sliding activities. Eurobenches are available in 1.8 m and 2.4 m lengths with hooks at one end.
